Are you suffering from occasionally clogged sinuses, stuffy nose, itchy eyes, food or environmental sensitivities?

*Are you still suffering in spite of medications and diet and lifestyle changes?**

Then very likely you would benefit from the ultra-concentrated novel ingredients in these nutritional formulas:*

- ✓ For the first time a Boswellia extract is available that is standardized to 90% of its active components instead of 3% as commercially available up to now. Boswellia inhibits the inflammation causing enzyme, 5-lipoxygenase, which is ignored by conventional preparations.
- ✓ Find out more on our website why boswellia, forskolin, quercetin, bitter orange and nettles are indispensable in any successful nutritional attempt to keep your body functioning and reacting normally to outside irritants.

- ✓ Clinical and experimental studies back up the effects of these amazing herbal ingredients.*

**Ask your health care provider
about all our superior formulas*
for your health needs.**
